EDMISTON - WORLD LEADERS IN YACHTING

LADY BRITT

BE THE FIRST TO CHARTER
THE LATEST FEADSHIP TO
HIT THE MARKET

BE THE FIRST TO CHARTER LADY BRITT

Sleek, graceful, powerful, 63metre Lady Britt is the latest launch from Feadship and she is available for charter this summer through Edmiston.

The yacht was paid an outstanding compliment when Henk de Vries stated that she is “the finest yacht this shipyard has built to date”.

Available from May 14 in the Baltic – Stockholm, Helsinki, St Petersburg, she then heads down to the Mediterranean. The classic contemporary interior, designed by Redman Whiteley Dixon, is an unusual combination of New York apartment style with a Scandinavian accent. Outstanding 20th-century artworks include pieces from Chagall, Picasso and Henry Moore.

Lady Britt has several special features: an authentic Finnish sauna facing a side platform that lowers over the sea, a dedicated wellness spa, beach club, sun deck gymnasium and a magnificent outdoor cinema.

A full beam master suite is situated on the main deck with six anigre-panelled guest cabins all on the lower deck. Two of these cabins can be converted to create a further full-beam VIP suite.

A highly experienced captain and crew, as well as a Michelin-starred chef, who has trained with Raymond Blanc, ensure that Lady Britt really is one of the very finest yachts available for charter this summer.

As for next year....as plans for the 2012 Olympics gather speed, Lady Britt has already booked her berth and can be based in the UK for the entire event.
