

EXPLORE THE NATURAL WORLD WITH THE EDMISTON SAILING FLEET

Nothing offers such solitude and silence as sitting in the middle of the ocean on a sailing yacht. Even underway, the loudest noise is the whispering of fresh air. Pure paradise. Pure relaxation.

Chartering a sailing yacht is an entirely different experience to chartering a motor yacht. Interact with the crew as they expertly sail through the seas; allow yourself to become awestruck by the sight of the massive masts and the movements of the majestic sails. Sailing as it always has been, reinvented for today with contemporary equipment and design.

Travelling by water also offers the bonus of accessing destinations that are impossible to reach by land. Dive with whale sharks off the Caribbean coast of Honduras, head to Bequia, home of Old Hegg's Turtle Sanctuary, or simply enjoy the scenery and wildlife of the sea. The beauty of a sailing yacht is that the smooth running and gentle noise allow you to truly experience the water world around you. Minimal disruption to your travels offers you a greater sense of the peace and quiet of the ocean.

Charter a sailing yacht with Edmiston and explore the natural aquatic world.

EDMISTON

AVAILABLE TO CHARTER FOR WINTER 2010/11 EDMISTON SAILING YACHTS

TIARA – ANTIGUA

Alloy Yachts | 54.3m | 178ft | 2004 | 10 guests

From €180,000 per week

At over 54 metres, Tiara's optimised rig makes her one of the most powerful sailing yachts in the world, and an impressive sight on the water. Inside she is tastefully decorated in an Art Deco style, fully equipped for both sport and leisure. As well as the full-beam, duplex master suite, moveable walls can create a combination of two equally sized VIPs, double, twin and even triple cabins. And to entertain everyone, the double-sided cinema screen can be viewed either from the Moroccan-style deck marquee or the cockpit.

2010 saw an exciting development onboard Tiara in the form of a partnership with Dive Butler, making Tiara the only PADI-certified dive centre on a sailing yacht.

ATMOSPHERE – GRENADA

Perini Navi | 53m | 174ft | 2000/2008 | 12 guests

From €200,000 per week

Built by Perini Navi, Atmosphere is a stunning example of a sailing yacht, both inside and out. Her classic Italian marine interiors are offset with cherry-wood panelling, Hermès fabrics and gallery-quality artworks including Picasso, Mitoraj and Ming. A hydraulic side bathing platform and two tenders (in a fully recessed foredeck) are available for guests who want to get into the water, while Jacuzzi and steam room will relax you once you get out.

Atmosphere sleeps 12 guests in four double and two twin cabins. The full-width owner's suite is the very extreme of subtle opulence and comfort. All guests are able to dine together in the refitted dining cockpit, which has 12 seats, plasma screen and menu tailored to your tastes by an award-winning chef.

EDMISTON

AVAILABLE TO CHARTER FOR WINTER 2010/11 EDMISTON SAILING YACHTS

MONDANGO – ANTIGUA

Alloy Yachts | 51.7m | 171ft | 2008 | 10 guests

From €185,000 per week

Bright colours, soft curves and subtle details – Mondango is a yacht with big ideas and a big personality, implemented flawlessly. A 2009 multiple award-winner, she is an extremely handsome ketch from the Dubois/Alloy Yachts team, who create the finest performance yachts. Stunning performance meets fabulous interior design in this elegantly executed sailing yacht. The main saloon floor features an entire circle of bleached oak planking, matched with contemporary furnishings and colourful accents. The huge dining cockpit is faced on three sides by fully retracting wind screens, that eliminate crosswinds while providing a spectacular view – the perfect backdrop to a designer dinner party. And deck space? A rectangular forward Jacuzzi is surrounded by sun beds, while the flying bridge is large enough for two dining tables and a very cosy bright yellow sun bed lounge under the towering, gleaming, white mizzen-mast.

HYPERION – ANTIGUA/ST BARTHS

Royal Huisman | 47.4m | 156ft | 1998 | 6 guests

From €90,000 per week

Few yachts have more technology than Hyperion. Her 'brain' is a 500 billion byte computer linked to 59 kilometres of wiring, controlling 13,000 square feet of sail on a 59 metre carbon rig. Survey the scene from 30 metres up in the crow's nest. Excelling at regattas, the crew are highly skilled at helping guests to get the most out of this outstanding performance yacht. In between serious sailing, life is indulgent with gourmet food and wine from a cellar of over 200 bottles. Six guests in 47 metres means considerable entertaining space in the inlaid mahogany interior. Hyperion is beautiful technology with luxurious lifestyle.
